

Texture mapping: bol

bv: $\alpha = \frac{\pi}{4} \rightarrow \frac{1}{2} + \frac{\alpha}{\pi} = \frac{3}{4}$

$\alpha = ? \rightarrow \sin \alpha = n_y$

$\rightarrow \alpha = \sin^{-1} n_y$

$\Rightarrow \boxed{v = \frac{\sin^{-1} n_y}{\pi} + \frac{1}{2}}$

Analog $u = \frac{\sin^{-1} n_x}{\pi} + \frac{1}{2}$
